To Whom it May Concern:

The Town of Lancaster has worked with Frank Leonard for a number of years as the Town's Information Technology and Information Security consultant. Over those years we have successfully completed a number of critical municipal projects including bringing new fiber optic lines to municipal facilities, a new Voice Over Internet Protocol (VOIP) telephone system, and an accounting software conversion from VADAR to MUNIS at a discounted cost.

Frank has been an indispensable asset to the Town and I would give his services my highest recommendation.

Sincerely,

Orlando Pacheco
Town Administrator
